ENERGY EFFICIENCY SERVICES LIMITED
A JV of PSUs under the Ministry of Power

Dear Sir/Madam,

As you may be aware, Energy Efficiency Services Limited (EESL) is a leading Joint Venture Company of 4 CPSUs i.e. NTPC, PGCIL, REC and PFC under the aegis of Ministry of Power, Government of India, dedicated to promoting energy efficiency and sustainability across the country. EESL is committed to implement energy-efficient solutions that contribute to environmental preservation while uplifting the lives of citizens.

2. Under India's presidency in G20 and thereafter in the COP28 conference, it has been resolved to double the rate of energy efficiency. Estimates suggest that across the cross-section of various sectors, Industry and Domestic Sectors provide the maximum GHG emission reduction per unit of investment. While the Industrial sector often takes up energy efficiency interventions on their own as energy efficiency, in most of the cases, translates into cost efficiency, there is a lot left to be done in the domestic sector.

3. EESL has created its own e-commerce portal <https://eeslmart.in> where good quality and marketing-noise-free Energy Efficient appliances are available. Needless to mention, a lot of appliances available in the public domain utilize tolerances available in the BIS standards to market lower range appliances (ACs being an example) or words such as "super saver" to market appliances that are not as energy efficient as they claim to be (Example being LED bulbs, which are often marked "super saver" while they provide only 90 lumens per watt, as opposed to 150 Lumens per watt available at <https://eeslmart.in> at competitive prices).

4. In this respect, to spread awareness among Government and Public sector employees about energy efficiency encouraging broader societal adoption, EESL has launched an exclusive Government Employee Appliance Scheme on Energy Efficiency (GovEasEE) specifically for Central and State Government employees, including Central and State Public Sector Enterprises (PSEs) and related institutions.

5. In this scheme, EESL through its eRetail portal <https://EESLmart.in> will offer a variety of high-quality, technically superior, BEE 5-star energy-efficient domestic appliances i.e. LED lights, BLDC Fans, AC, Induction Cook Stoves, etc to the employees for their personal

consumption at specially offered prices 24x365 which are available for general retail consumption only on special occasions. More products and services are being added.

6. The scheme shall mark a significant step towards Environmental, Social, and Governance (ESG) initiatives, promoting a low-carbon future. A brief note of the scheme is also enclosed for your kind reference. I would request that the scheme be widely circulated and promoted among the employees of your esteemed organization including the CPSUs/PSUs/attached offices for adoption of energy-efficient appliances.

7. EESL shall whitelist all the government and PSU domain IDs known to it (for example nic.in; gov.in; ntpc.co.in; nbpdcl.co.in, etc) so that any employee having email IDs on these domains can avail the specially offered prices for all EE appliances available on EESLmart.in. To make a purchase at specially offered rates, Employees have to log in to EESLmart.in through their whitelisted* GOV/NIC or organization-specific email IDs through OTP verification; select appliances, review specifications & warranty terms, and furnish name, mobile number, and shipping address.

8. In case any organization remains left out inadvertently, a simple email request from any such organization may be sent to EESL at goveasee@eesl.co.in to whitelist their respective domain ID so that the employees can utilize the benefits of the scheme.

9. We are confident that together with your valuable support, we can jointly contribute to achieve the Country's INDC (Intended Nationally Determined Contributions) targets through large-scale adoption of EE appliances from EESL.

With Best Regards,

Yours Sincerely,

Vishal Kapoor,

CEO, EESL

Cut Costs, Not Comfort

with EESL Appliances

EESL 1.0 TR Super-Efficient Split AC

- ✓ ISEER Rating: 6.2, 19% more efficient than 5-star models
- ✓ Energy Savings: Up to 600 units annually, up to 750 kWh (INR 4500) compared to 3-star AC
- ✓ Key Features: Triple inverter, self-cleaning technology, copper condenser coil
- ✓ Warranty: 1 year on the unit, 1+4 years on PCB, 1+9 years on the compressor

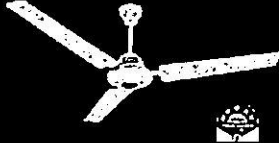

EESL 1.5 TR Super Efficient Split AC

- ✓ ISEER Rating: 5.8, 14% more efficient than 5 star models
- ✓ Energy Savings: Up to 640 units annually, up to 1050 kWh (INR 6300) compared to 3-star ACs
- ✓ Key Features: Triple inverter technology, copper condenser coil and self cleaning
- ✓ Warranty: 1 year on the unit, 1+4 years on PCB, 1+9 years on the compressor

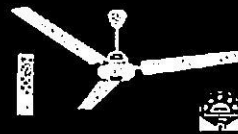

EESL BLDC Ceiling Fan With Regulator

- ✓ Power Consumption: 28-30W, highly energy efficient
- ✓ Airflow: \approx 220 CMM
- ✓ Voltage Protection: Over and under voltage safeguard
- ✓ Annual Energy Savings: 211 kWh
- ✓ Onsite Warranty: 3 Years

EESL BLDC Ceiling Fan With Remote

- ✓ Power Consumption: 28-30W, highly energy efficient
- ✓ Airflow: \approx 220 CMM
- ✓ Voltage Protection: Over and under voltage safeguard
- ✓ Annual Energy Savings: 211 kWh
- ✓ Onsite Warranty: 3 Years

EESL 20W Led Tubelight

- ✓ Power Consumption: 20W, highly energy efficient
- ✓ Luminous Output: 2200 lumens, 10x brighter than conventional LEDs
- ✓ Surge Protection: 4kV surge and high voltage safeguard
- ✓ Annual Energy Savings: 58 kWh
- ✓ Warranty: 1 year

EESL 10W Emergency LED Bulb

- ✓ Power Consumption: 10W
- ✓ Luminous Output: 1050 lumens
- ✓ Battery Backup: Rechargeable, lasts up to 4 hours
- ✓ Emergency Feature: Automatic operation during power outages
- ✓ Warranty: 1 year

EESL 6W LED Bulb

- ✓ Power consumption: 6W, equivalent to usual 9W/10W LED bulb
- ✓ Luminous Efficacy: 150 lumens/watt
- ✓ Brightness: 900 lumens
- ✓ Energy Savings: 26 kWh annually
- ✓ Warranty: 1 year

EESL 1200W Induction Cooktop

- ✓ Power Consumption: 1200W
- ✓ Efficiency: Promoted under the National Efficient Cooking Program (NECP)
- ✓ Energy Savings: Save up to INR 2000 annually
- ✓ Features: Faster, cleaner cooking, portable and lightweight
- ✓ Warranty: 2 years
